To Whom It May Concern,

**SUBJECT: REFERENCE LETTER FOR COALITION ENGINEERING SUPPLIES**

Dear sir / madam

I am pleased to provide this reference for Coalition Engineering Supplies who has been a trusted supplier of gas regulators including GasiQ to Equalizer since the start of 2022. Throughout our partnership, they have consistently demonstrated professionalism, reliability, and a commitment to excellence.

Coalition Engineering has supplied us with a range of high-quality gas regulators that have met or exceeded our expectations, as well as other welding consumables. Their products are known for their durability, safety, and compliance with industry standards, ensuring seamless integration into our operations.

Key attributes of Coalition Engineering include:

- **Product Quality:** The gas regulators and consumables supplied have been of exceptional quality, with zero issues or defects.
- **Timely Deliveries:** Orders are consistently delivered on schedule, which is critical to maintaining our supply chain efficiency.
- **Customer Service:** Wes and his team are friendly, responsive and proactive, addressing any concerns promptly and professionally.
- **Technical Expertise:** They have provided valuable technical support and advice, helping us select the best solutions for our specific needs.

Based on our positive experience, I would highly recommend Coalition Engineering Supplies to any organization seeking a reliable supplier of gas regulators. I am confident that they will continue to provide the same level of quality and service to their future partners.

If you require any further information, please feel free to contact me.

Sincerely,

Dwain Goodwin

Fabrication and Welding Quality Assurance Manager
